

SB 1090 — Phone Call Packet

From Altadena Recovery Watch, a coalition of local organizations including Beautiful Altadena, Altadena Heritage, Save Altadena, and more · altadenarecoverywatch.com

Hearings: Wednesday, July 1, 2026 — Housing & Community Development at 9:30 a.m.; Local Government at 1:30 p.m. Calls count even if you are not the member's constituent — but if an Assembly district below is yours, call that member first and say so.

YOUR 30-SECOND CALL SCRIPT

"Hi, my name is **[your name]**, and I'm a constituent calling from **[your city]**. I'm asking the Assemblymember to vote **AYE on SB 1090** — and to make it effective as soon as possible."

After the Eaton Fire, out-of-town developers are using SB 1123 to split burned Altadena lots into as many as ten units — by right, with no hearing — before families can even return. SB 1090 puts a narrow, temporary pause on that — protecting Altadena's **responsible and resilient recovery pathways** while taking no housing away.

Two quick reasons: First, **parity** — the same fire-hazard map that shielded the Palisades from these tools left Altadena out and exposed; Altadena deserves the same protection. Second, **fairness** — a survivor can rebuild only about 10% larger, while a developer next door gets ten times the units. That's disaster capitalism, not recovery.

And we **support the amendment that allows SB 9 projects for 100% deed-restricted low-to-moderate-income affordable housing** — so Altadena can rebuild the income diversity that makes it special and bring renters and working families home.

"Please vote AYE on SB 1090 and make it effective as soon as possible. Thank you."

Reach voicemail? Leave the same message — your name, city, and "please vote AYE on SB 1090, and make it effective as soon as possible." It still counts.

Housing & Community Development — 9:30 a.m. (call these first)

Member	District & area	Phone	✓ Called
