

Altadena — Quick Talking Points

What to say. Keep it simple.

The situation

After the Eaton Fire, speculators are using a state law — **SB 1123** — to subdivide our burned lots into **up to 10 units each, by right, with no public hearing**. At least **10 are already on the County's books**. The Palisades got emergency protection from these laws. **Altadena didn't**.

Our two asks

1. **An emergency order from the Governor — now**. Altadena is in the declared disaster area, so the "not in the fire zone" excuse doesn't apply. Supervisor Barger, Asm. Harabedian, and Sen. Pérez should all press the Governor.
2. **Pass and strengthen SB 1090** so it protects us from the fire date forward.

If you speak at the Town Council (2 minutes)

"I'm an Altadena resident. Speculators are carving our burned lots into up to ten units each under SB 1123 — at least ten projects are already filed. The Palisades got emergency protection; we didn't, even though we're in the same disaster area. I'm asking our officials to get the Governor to issue an emergency order now, and to pass and strengthen SB 1090. A lot split can't be undone. Please act before it's too late."

If you call or email, say:

- Predatory speculators are subdividing burned Altadena lots under SB 1123.
- Get the Governor to issue an emergency order now — we're in the disaster area.
- Pass and strengthen SB 1090.

Who to contact

- **Supervisor Kathryn Barger** — (626) 792-1886 · Kathryn@bos.lacounty.gov
- **Gov. Gavin Newsom** — (916) 445-2841 · gavin.newsom@gov.ca.gov
- **Sen. Sasha Renée Pérez** — (626) 304-1086 · Edmundo.Cuevas@sen.ca.gov
- **Asm. John Harabedian** — (626) 351-1917 · assemblymember.harabedian@assembly.ca.gov

Altadena Recovery Watch · a fair recovery, not a fire sale · not legal advice.
